

## U. S. TARIFF BODY MAY GIVE UP PROBE—ABANDON PRACTICE OF CARRYING ON INVESTIGATIONS IN FOREIGN LANDS

Washington, Aug. 29.—(Canadian Press.)—The United States tariff commission wishes to abandon its practice of conducting personal investigations in foreign countries when changes in the United States tariff are proposed. The commission would prefer to use other evidence, such as invoice prices of imports, as the basis of its investigations, the Canadian Press learns.

Under the present law, when an application is made to the commission for an increase or a decrease in the tariff, the commission is supposed to send experts to the principal countries from which that commodity is imported and there ascertain what it costs to produce the article. A commission is then made with the cost of production in the United States and if the figures warrant the commission may recommend to the president that the duty on the articles should be changed. The president, on his own initiative, can then vary the tariff up to fifty per cent. of the existing duty.

From time to time, United States officials have held such investigations in Canada, notably into the cost of production of certain farm products.

## D CROPS SHOULD ENABLE MANY STUDENTS TO TAKE ADVANTAGE OF HIGH SCHOOL EDUCATION AT MACLEOD

(By C. A. Anderson, Principal Macleod High School)

Farmers, and in fact all of us, are worrying lest frost hit the grain crop. Right now is the danger point. This is also the critical time for the boys or girls. Now is when they decide whether to go on to high school or college or get "nipped." As the grain is turning, so the boys and girls are now at the turning point of life.

"Don't let your boys or girls get 'frost nipped'."

Schools are opening as harvest starts. Let not the epochal crop of Alberta and the resulting rush of business just now keep the boys and girls away from school. It is so easy to break off their career at this point. Avoid the danger by sending them right from the start.

Sometimes it is hard for father and son to talk over plans for high school or college. To make the start is the hardest. Often mother can give the idea a lead and talk things over for both son and daughter.

Just a word from you may blight or light their lives.

Frosted heads are a sorry sight. It lowers the grade—whether it be grain or brain. On my way here I chatted with old men off the harvest excursion men with wasted youth, health and wealth.

"What about old age?" I asked.

"Dunno!"

I did know. It meant lowered Canadianism.

Money spent for education means higher aims for youth and lower aims for age.

We are going to have a jubilee crop. Let your boy or girl look back on this year as the jubilee year when they sent them back to continue their education.

## INSPECTOR H. TOWNSEND, R. C. M. P., FORMERLY OF MACLEOD DIVISION, ACCIDENTALLY KILLED AT REGINA

Ralph Townsend was called to Regina on Monday on account of the accidental death of his father, Inspector H. Townsend, who from 1920 to 1923 was Inspector with Macleod Division of the R.C.M.P.

The following telegraphic despatch regarding Inspector Townsend's death is from the Calgary Herald:

Regina, August 29.—Shortly before 9 o'clock today Inspector Townsend, of the Royal Canadian Mounted Police here, was found dead in the bathroom of his residence at the barracks. The officer's forehead was pierced by a bullet from a service revolver, the bullet entering the skull just above and between the eyes.

Inspector Townsend had been a member of the Mounted Police since 1903 with the exception of the time he was overseas with a unit of former mounted policemen, from 1917 to 1919.

A coroner's jury returned a verdict later in the day of accidental death. Since June, 1925, he was post adjutant of the detachment here. At the time of his death he was in the house with his housekeeper and two daughters, Violet and Marjorie.

The women were downstairs when the inspector entered the bathroom wearing a dressing gown. The sound of a shot alarmed them and the body was found when the alarmed girls went upstairs.

He had been up earlier in the morning and attended to the fire returning to bed. He had not eaten breakfast when the shot was fired.

Chief of Police Bruton of the city police, was notified of the shooting at 10 o'clock this morning by Assistant Commissioner Knight of the Mounted Police and Detective Cleland despatched to the scene immediately.

## WEDDING BELLS

HYNES—LITTLE

A very pretty wedding took place at the United Church, Macleod, at 10:30 a.m. on Saturday, August 27, 1927, when Miss Lily Isabella Little, daughter of Mrs. Joseph Little (England), became the bride of Henry G. Hynes, of Parson, B. C. Rev. W. H. Irwin officiating.

The bride was beautifully gowned in virgin blue silk crepe and carried a bouquet of sweet peas, and was attended by Miss Elizabeth Gillespie as bridesmaid, and who wore a lovely gown of ashen silk of rose silk crepe and carried a sheaf bouquet. The bridegroom was attended by W. Whitworth as best man. During the ceremony, Mrs. Irwin rendered the Wedding March from Lohengrin.

After the ceremony about twenty guests sat down to a wedding breakfast served at the home of Mr. and Mrs. R. Gillespie, the latter being the bride's sister.

The bride was the recipient of many beautiful gifts.

The newly married couple spent their honeymoon in Calgary and are now at home at Macleod.

## EXTRA! PREMIER COMEDY TEAM UNITED IN FIRE FIGHTER FAIR—"FIREMEN, SAVE MY CHILD" BRINGS BEERY, HATTON TOGETHER ONCE MORE

It wasn't any use. Paramount couldn't keep them apart. The world would not let natural affinities like Wallace Beery and Raymond Hatton be divorced no matter how greatly Adolph Zukor and Jesse L. Lasky wanted to have two laugh-grow where one big one grew before.

So the King Team of Comedy comes to the Empress next Thursday-Sat., as firemen brave, co-starring in another Edward Sutherland epic of hysteria "Fireman, Save My Child." They got under way in "Behind the Front" gained tremendous momentum in "We're in the Navy Now" and are now roaring along at full speed in a comedy vehicle that from all reports should set things afire.

Trailing along to fan the sparks is the strongest comedy cast Paramount has ever assembled.

Tom Kennedy, survivor of the two previous Beery-Hatton riots and fresh from a part in Beery's long-headed James Cruze triumph "The Big Sneeze" plays the fire captain. Josephine Dunn, personification of blonde loveliness, has the feminine lead. Joseph Girard is Jo's father, the fire chief.

Kennedy's work is known wherever motion pictures are shown. The former contender for the heavyweight boxing championship of the world has become one of Hollywood's smoothest comedians; a big, good-natured comic who has built up a tremendous following. His recent work in Beery-Hatton's sensational novelty "Senorita" showed him to be one of the camera's cleverest workers.

Josephine Dunn, in this picture an island of beauty in an ocean of clowns and clowning, came to the screen from the New York stage where she was a dancer. Her most recent work was in Edward Sutherland's "Love's Greatest Mistake" where her work attracted favorable comment from critics everywhere. She is a graduate of the Paramount School.

## REBEKAHS HONOR MEMBER BRIDE-ELECT

The Mountain View Rebekahs lodge No. 23, Macleod, gave a very pleasant surprise party a few nights ago to Miss Lily Little, a member of the lodge, on the occasion of her marriage. The party was given at the home of Mrs. Richard Gillespie on 17th street. There were about 30 members of the lodge present, and the evening was spent in whist and music.

There were six tables of whist, and the winners of the prizes were: Ladies' first, Mrs. Alf Dixon; consolation, Miss Minnie Little; gentlemen's first, J. M. Paulson; consolation, Lawrence Dixon.

During the evening Mrs. J. M. Paulson, vice grand of the lodge, in the absence of the noble grand, Mrs. Parker, presented Miss Little with a handsome outwork linen buffet set, expressing the good wishes of the members of the lodge for the future happiness of the happy couple. Miss Little suitably replied: Dainty refreshments were served, bringing to a close a most enjoyable evening.

## RELIGIOUS WARFARE CAUSES DEATH OF MANY HUNDREDS

Simla, India, Aug. 26.—Between 250 and 300 people have been killed and more than 2500 injured in less than 18 months as a result of religious conflicts between Hindus and Muslims in various parts of India. Lord Irwin, the viceroy stated in addressing the legislative assembly here today.

Calcutta was one of the storm centres last year and Lord Irwin said that from April to July the city seemed to be under the mastery of an evil spirit to such an extent that the law had to be reasserted by drastic methods. The same sinister influences are at work elsewhere, he declared.

The viceroy said there was much in Indian social life that cried out for remedy and reform, but the task would be sorely handicapped so long as the country was distracted and torn by present animosities.

India desires home government continued the viceroy. It is Great Britain's task to guide her to this end and both Britain and India are confronted with the vital task of laying the spectre that besets the path of their common hopes.

Scattered with a lavish hand through the picture are squads, companies and battalions of fire fighters policemen and civilians. Leading them along their merry celluloid way is the King Team of Comedy Messrs. Beery and Hatton.

## THRILLS PROMISED IN NEW PARAMOUNT PICTURE "CHILDREN OF DIVORCE" ADAPTED FROM OWEN JOHNSON NOVEL

Children of Divorce? Who? What? Why? These are some of the things which will be disclosed by Frank Lloyd's latest Paramount picture "Children of Divorce," on Monday Tuesday and Wednesday at the Empress Theatre.

Of the four main characters in Owen Johnson's novel, — Jean Waddington, Kitty Flanders, Ted Larrabee and Prince Ludovico de Sfax,—the first three are literally "children of divorce." Jean and Kitty grow to beautiful womanhood, with the former loving Ted and the latter, a night club habit.

When Ted proposes, Jean first asks him to prove himself capable of the responsibilities of marriage. He hangs out a shingle and proceeds to do what she demands until—a certain memorable afternoon when he arrives at his office to discover Kitty and a jazz crowd staging a party. At first, he tries to force them out but soon brings true love. We're off into the wee small hours of the morning do they continue. Next day, Ted awakes with a horrible "hang-over" and discovers Kitty in his room! Taking up a drunken dare, he had married her the preceding night!

He is heartbroken at his infidelity to Jean but, hiding her true feelings, tells her that only one thing remains—Ted must tell her to Kitty; she will go to Europe and visit Prince Ludovico.

A few years later, Ted, his wife and their child arrive in Paris. Once more Jean's love flames anew. As for Kitty, the Prince finds her more attractive than anyone he has ever met! What happens to this quartet? Ted and Kitty have discovered that only real love can bring true happiness. But a child stands in the way. Here is drama that will thrill jaded audiences—especially when enacted by a cast that includes Clara Bow, Esther Ralston, (both of them co-starring), Gary Cooper, Einar Hanson and Norman Trevor. Take a tip; don't miss it!

## SMASHING SITUATIONS IN NEW TALMADGE PICTURE

Ringling melodrama, illumined with booming comedy, gives Richard Talmadge a gripping new vehicle in his F. B. O. production "The Night Patrol," which comes to the Empress Theatre on Friday and Saturday.

Greater emphasis is placed on smashing situations in this Talmadge production than in any of his past efforts. Talmadge in the role of a young policeman, is swept by a strange Fate through a series of highly exciting incidents chief of which is his ride to rescue the brother of his sweetheart when the boy is about to be executed by the State.

Typical Talmadge stunts and fun galore are plentifully mingled in the story and advance reports herald "The Night Patrol" as one of the most thrilling of Talmadge pictures. It is from an original story by Frank Howard Clark, who has authored many of Talmadge's successes, and the continuity is also by Mr. Clark. The cast includes Mary Carr, Gladys Huette, Grace Darmond, Victor Dillingham and

## NEW YORK SOCIETY ASTOUNDING AT LATEST SCANDAL: KATHERINE FLANDERS, WELL KNOWN BEAUTY, OBTAINS FINAL DECREE! — COUPLE HAVE ONE CHILD

New York (FPLC)—Park Avenue had something to talk about this morning and the news flew up and down the historic street.

While no debutantes were being dined or wined, a deb of former years again found her name on everyone's tongue. Katherine Flanders, wife of popular Larry Flanders and up until ten years ago, Kitty Varrault, sued her husband for divorce and got it. Details of the suit aren't well known but it is understood that several names are connected with both parties. They have one daughter, a child of nine, what will happen to her is as yet unsettled.

And ten years later, Kitty, the "unsettled" child was still very much unsettled. After schooling in convents and finishing academies she still seemed to retain more than an ordinary amount of devilry. In fact, one memorable evening she found Ted Larrabee, Jean Waddington's fiancé, in a slightly inebriated state, and dared him to marry her. Not until the following morning did either of them realize that they had actually become man and wife!

That's the "prologue and first reel" of Frank Lloyd's latest Paramount production, "Children of Divorce," which will be at the Empress on Mon.-Tues.-Wed. Clara Bow and Esther Ralston are co-starring as Kitty and Jean. Gary Cooper, Einar Hanson and Norman Trevor are featured. The supporting cast includes Iris Stuart, Tom Ricketts, Albert Gran, Hedda Hopper, Edward Martindel and Margaret Campbell.

## VANCOUVER SHAKEN; CAN'T TELL CAUSE — RESIDENTS RUSHED TO STREETS—VIBRATION FELT IN OFFICE BUILDINGS

Vancouver, Aug. 30.—Accompanied by a plainly audible rumble a shock of mysterious origin shook houses and other buildings, rattled windows, dishes and furniture in the greater Vancouver area last night. The rumble was of short duration and investigation failed to reveal its cause. Many citizens telephoned police headquarters to ascertain if an explosion had occurred. No damage was reported.

Residents are reported to have rushed to the streets in some parts of the city. Downtown office buildings also felt the vibration which apparently was of purely local character.

boxing, indeed of all professional sports, have grown to be so complicated that such contests are today just as much of a mental as a physical exercise.

Any boxer with a first-class legal mind can almost attain a championship. As a matter of fact, it is almost as essential to have a lawyer in the corner of the ring as a towel.

A knowledge of the rules is more important today than a first-class right uppercut.

There used to be a day when a prize fight was a straight contest of strength and skill. The winner won. But today the winner may win but on life back and not know about it for two or three days later.

Even the spectators have to carry a rule book to know how the fight is going.

It is probably all for the best. But many an ageing fan will sigh for the days when a boxer could rush

in and score a knockout without having to seek legal advice before each blow.

## BUTTER AGAIN WINS OUT

That butter fed boys gained in weight and height over oleomargarine fed boys is the result of a year's test lately finished in England. We have read much about feeding tests made on rats, pigs, dogs, and hens by Dr. McCollum of the Johns-Hopkins University and Dr. Palmer of the University of Minnesota, where in every case when butter was added to the basic diet greater gain was made than when oleomargarine was fed to these animals.

In the English test, growing boys were taken, ranging from 10 to 14 years. Twenty-six boys fed a basic diet, plus 1 1/2 ounces of butter daily made an average gain in weight of 6.30 lbs. and an increase in height of 2.22 inches in one year. Against this the sixteen boys of same age fed a basic diet, plus 1 1/2 ounces oleomargarine daily, gained an average in weight of 5.21 lbs. and an average of 1.84 inches in height for the same period. The following is the cold blooded comment of the British investigation:

Sixteen boys (the oleomargarine squad) who remained under observation continuously for 12 months gained during that period an average of 5.21 pounds per boy, and grew an average of 1.84 inches per boy.

When this result is compared with the result of feeding another batch with an equal quantity of butter it is obvious that the vegetable margarine has failed.

"The group of boys who ate the margarine ratio did not grow any faster than the batch of boys who were taking only the basic diet, the average growth rate 1.84 inches being the same."—Special Report, Series No. 105, Medical Research Council, Diet & Boys During School Ages, by H. C. Corry, M.D., O.B.E., M.D. pp. 46.

VISCOUNT CECIL RESIGNS: WON'T GO TO GENEVA—DEFINITE ANNOUNCEMENT OF RETIREMENT FROM BALDWIN CABINET

London, Aug. 29.—Viscount Cecil of Chelwood, has definitely resigned his cabinet post as chancellor of the Duchy of Lancaster. It was learned today and will not go to Geneva for the forthcoming meeting of the League of Nations assembly.

Lord Cecil was closeted with Premier Baldwin last night and it is understood the latter tried to persuade him to postpone his resignation until after the assembly meeting. Lord Cecil, however, persisted in his resignation on the ground of his dissatisfaction with the government's course of policy regarding disarmament.

LARGEST FUNERAL IN GRANUM HISTORY—LATE MRS. JOHN MACKENZIE Laid to Rest ON FRIDAY, AUGUST 26

Granum, Aug. 27.—The funeral of the late Mrs. John Mackenzie on Friday, Aug. 26, was attended by the largest gathering of people ever seen on such an occasion in this part of the country, and was a striking tribute to the popularity of the deceased lady and her family. The number of cars at the cemetery was so great as to cause a congestion of traffic which took some time to regulate. Services were conducted at the home and at the church by the Rev. A. H. Rowe of the United Presbyterian church, and Rev. E. Barnes of the Presbyterian church. At the grave the Order of the Eastern Star, of which the late Mrs. Mackenzie was an active member, performed the last rites. The chief mourners present were Mr. John Mackenzie, husband; Frank and Donald Mackenzie, sons; Mrs. D. A. Matheson, daughter; Mrs. E. Matheson, daughter-in-law; Mrs. Beattie and Mr. McLean, cousins; Mr. D. A. Mackenzie, son-in-law. Mrs. Gossel, a daughter in Detroit, was unable to arrive in time for the funeral.

Slowly we become a nation of town people, and after a while a bird song will be called noise.

There are two kinds of children: Happy ones and those told not to be so noisy.

WHAT KILMENY SAW  
She saw a sun in a summer sky,  
And clouds of amber sailing by;  
A lovely land beneath her lay,  
And that land had lakes and mountains gray;  
And that land had valleys and honied piles,  
And meadow seas, and a thousand isles;  
Its fields were speckled, its forests green,  
And its lakes were all of the dazzling sheen,  
Like magic mirrors, where slumbering lay  
The sun and the sky and the cloudlet gray,  
Which heaved and trembled, and gently swung;  
On every shore they seemed to be hung;  
For there they were seen on their downward plain  
A thousand times and a thousand again;  
In winding lake and placid firth,  
Little peaceful heavens in the bosom of earth.  
Kilmeny sighed and seemed to grieve,  
For she found her heart to that land did cleave.  
She saw the corn wave on the vale;  
She saw the deer run down the dale;  
She saw the plaid and the broad claymore,  
And the brows that the badge of freedom bore;  
And she thought she had seen the land before.  
—James Hogg, in "The Queen's Wake."

## BUY AT HOME

Spend Your Money in Macleod

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us, to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

combined Sunday Schools of Christ Church (Anglican) and St. Andrew's (Presbyterian) had their annual outing. There must have been close to 300 present, parents, teachers and scholars, and everyone had a most enjoyable time, in fact it was the unanimous opinion that they never had such a good time at a picnic. There was a splendid programme of sports which was entered into with great vim and spirit. The following are a few of the winners in order of merit: Boys' race 14-15—Jack McDonald, Ian Callie, Fred Wright. Girls over 15—R. Arner, J. Pringle, P. Rennick. Girls 12-13—M. Hillier, E. Platt, E. Hillier and G. Gilboa equal. Lady Teachers' Race—Mrs. Whipple, Miss Bremner. Married Ladies' Race—Mrs. Winter, Mrs. Hillier. Men's Race—O. J. Wood, F. Morris. Boys' Boat Race—F. Wright, S. Porozuk, J. Underwood. Girls' Boat Race—D. Hilliard, M. Armer, M. Hillier. Boys' 3-Leg Race, (Junior)—V. Sill, and G. Winter, W. Jones and C. Morris, N. Baker and J. Underwood. Senior—J. McDonald and F. Wright, T. Lambert and S. Porozuk. Girls' 3-Leg Race—E. Platt and B. Gilroy, A. Grant and F. McKowis, M. Hillier and M. Perry. Married Ladies' Consolation—Mrs. Morris, Mrs. Sill. Men's Consolation—H. Winter, John Ringland. Girls' Boat Race—(Junior)—A. McDonald, J. Elchuk, M. Lantinga. The two big events of the afternoon were the tug of war and

football match between picked teams from the two churches. In two pulls in the tug of war the English heavy weights were too much for the porridge eaters, and in the football the result was two goals to nil, thanks to the splendid goal keeping of Baker Bawden. Scotty Baird and Scotty Pringle made some wonderful kicks, but the checking of Olly Wood, Saunders and Harry Gilroy was too much for them, especially when Harry bent the ball with his christy-stiff.

There was a bountiful supply of eatables of all kinds, and tubs of ice cream for the kiddies, which needless to say were soon put out of sight. Altogether the affair was voted a huge success, and hopes were expressed that another such outing would be held next year.

The clergymen of both churches were absent on their holidays.

### BALL CLUB BANQUET TO O'NEIL

Wednesday evening, in the Elk Hall, the members of the Macleod Baseball Club tendered a farewell banquet to Charlie O'Neil on the occasion of his leaving Macleod, having been transferred from the Macleod branch of the Canadian Bank of Commerce to the Nanton branch. Charlie has been on the staff at Macleod for about a year and a half, and during his residence in Macleod he has taken an active part in sports, last winter being one of the star players in the hockey team, and proving none the less efficient on the baseball diamond.

Darold Davis, president of the baseball club, presided over the banquet, and there were about 25 members and friends present. After the good things for the inner man were disposed of the president made a short speech, in which he expressed the regret of every member of the club at the loss they were sustaining by the removal of the guest of the evening, as he had been a valuable addition to the sporting life of Macleod. Vice-President F. Frey, in a few remarks, eulogized the class of play Charlie put up, especially on the hockey team, and said that—what is Macleod's loss will be Nanton's gain. Joe Marks spoke of the experience which he had gained in Macleod, both in baseball and hockey, as beneficial to him in the future. Frank Walshe, president of the Foothills Hockey League, added his testimony to the class of hockey Mr. O'Neil played, and regretted that the league was losing such a able exponent of the game. F. Murphy (Spud) said that the baseball and hockey teams were a nice bunch of boys all the way through, and Charlie's removal would spoil two good teams. N. Kirk, N. Dillingham, S. McDonald, all added a few words of regret at losing their

comrade. L. D. Huntley, accountant in the Bank, said that no one regretted more than he did to see Charlie go, but his removal showed that he had succeeded in his work in the Bank, and the change was advancement for him. W. O. Long, manager of both the baseball team and the hockey team, in presenting Mr. O'Neil with a gold plated pocket knife and chain, said that good character always made good food sport, and this had been fully exemplified by our friend who is leaving us. He hoped that this little token of their esteem would always remind him of the good times and good games they had had together in Macleod. Mr. O'Neil, in a few words replied thanking them for the gift, and said that he was sorry to go, as they had treated him white, and he had enjoyed the sports since coming to Macleod.

Apparently a lot of pious folk won't enjoy Heaven unless they can go to hell at intervals and tar and feather somebody.

You can't pick out the bachelors on the street, but there's no mistake when you see the bathrobe he wears.

If only people would rest their tongues on Sunday, also.

### STORM TAKES FIFTY — NEW-FOUNDLAND DEATH TOLL REACHES PROPORTION OF GREAT CALAMITY

St. Johns, Nfld., Aug. 29.—The death toll resulting from last Thursday's disastrous hurricane was mounting today and assuming the proportions of a calamity. Over fifty persons are now believed to have been killed in one of the worst storms that ever visited this old colony.

The latest addition to a long death list, made up mostly of shipping disasters, was the reported loss of the schooner Ellen May and its crew of six men, under command of Captain Arthur Dunford.

Over forty lives are believed to have been lost in the Placentia Bay district alone, but owing to the disorganization of telegraph service on this portion of the island and the havoc done throughout the colony, is unknown. Resumption of disrupted communication systems is awaited with fear that many additional fatalities will be reported as well as a staggering property loss.

Preside, in the Placentia district reported that the following are known to have perished:

Albert Loughlin, Fred Loughlin, Chas. Loughlin, Jos. Barrett, Gordon Frampton, G. Peach, J. Stacey of

Flat Islands; Dan Cheeseman, Patrick Galt, Michael Hahn, of Ruisoon; Michael, Norman and John Murphy, of Parkers Cove; Oliver Dicks, Baine Harbor; Tom Hawco, St. Joseph; John Pollett and Jos Pico, of Glattie.

Several boats have been sighted bottom up in Placentia Bay. Two men were seen clinging to the wreckage of another submerged vessel, but it was impossible to rescue them.

At least seven fishing boats were lost on the Moravian banks. The schooner Loughlin, previously reported as having sunk with her crew of seven, is now known to have had ten persons on board, five of whom were members of the Loughlin family.

### SINN FEIN PARTY WON'T TAKE PART IN THE ELECTION IN FREE STATE

Dublin, Aug. 29.—Inquiries at government and other quarters this morning failed to elicit definite information concerning the reported resignation of Hon. James J. Walsh, minister of posts and telegraphs in the Free State cabinet. It was learned, however, that he left Cork on Friday for South France in ill-health, and will not participate in the early part of the campaign for the general elections, but hopes to be back in Cork for the last week of the campaign.

Mr. Walsh's disappearance at this critical period, coupled with the belief that he did not agree with his cabinet colleagues, has rightly or wrongly created the impression here that there may be some truth in the widely circulated story of his defection.

He is said to have taken the stand that when the Fianna Fail deputies (Republican followers of Eamonn De Valera) decided to take the oath of allegiance and their seats in the dail this should have been welcomed by the government as an act of conciliation.

The rumors of the resignation had it that he was dissatisfied because he had not been consulted with regard to dissolution of the Free State parliament. It was believed he had also resigned as chairman of the government party organization. He is very popular in the constituencies where he has much influence on the man in the street.

In a manifesto last night the Sinn Fein party made it known that it would not participate in the general election, owing to its financial position. The manifesto says that "no true Republican can consistently vote for any Irishman who will enter a British parliament or give allegiance to the British crown."

### EIGHTH FORTNIGHTLY CROP REPORT

The whole province gives promise of an excellent crop with high average yields of all kinds of grain. Late seeding, with abundant moisture in the early part of the season, is responsible for the somewhat late ripening of the general crop. The warm sunshine we have had this last week is ripening the crops with great rapidity. The earlier varieties of wheat, particularly that sown on lighter land, are now mature and a considerable amount of setting of this grain has already been done. Cutting will not be general, however, until the first week of September.

A careful check-up of the frost situation shows that there has been no frost damage except in the extreme northeastern section of the province. In some isolated districts in this area frost struck rather heavily. Except in the above area the province is entirely free from frost damage. Hail damage has been more prevalent than usual, with the result that damage from this source will be slightly greater than average. Rust has made an appearance in a few sections. The damage from this source, however, is negligible.

Notwithstanding the losses caused by the above mentioned agencies, if no further serious losses occur, we are convinced that the province will have the largest total yield of wheat in its history. A particularly significant feature this year is to be found in the fact that there is a uniformly good crop in every section of the province.

Large numbers of harvesters are now arriving, and it is not anticipated that any shortage of help will occur.

The great outdoors is instructive. Until you go camping, you never realize how long you can wear a shirt.

Flyers can't come down to earth in a fog; which shows that statesmen aren't unique in that particular.

Mr. and Mrs. E. Haug, of Waterton Lakes, were in Macleod last week visiting Mrs. Haug's parents, Sergt. and Mrs. J. A. Webb.

Rev. W. H. Irwin received word Wednesday morning of the death of his mother at Milton, Ontario. Mr. Irwin visited her this summer during her illness.

The death occurred of the baby daughter, aged 18 months, of Mr. and Mrs. Alex Patterson, of Ardenville, on Wednesday. The funeral took place the following day.

Mr. and Mrs. J. Swinerton have returned from Edmonton where their son Albert is in the hospital undergoing treatment for his injured leg. The patient is progressing favorably.

Cutting of wheat will be general next week, and the greatest wheat crop of Southern Alberta will be gathered. Many binders and combines will be busy gathering the crop to keep the world's dinner pail full.

The picnic of the United Church Congregation and Sunday School was held on Wednesday afternoon near T. S. McLean's Ranch, where the old and young enjoyed an afternoon with all the outdoor sports that are enjoyed at picnics, and ended with an old-fashioned community singing.

### BACHELOR FACES MURDER CHARGE

Calgary, Aug. 29.—Robert Morpeth, bachelor settler of the Windermere district, is held in jail at Golden, B. C., following the fatal shooting of Roderick Munro, British Columbia fire ranger, near Invermere, on Saturday.

Morpeth is alleged to have shot Munro during an altercation over a bonfire which Morpeth is supposed to have lighted. J. Pate of Banff, driving a party of tourists, is said to have heard the altercation and the shot, and from a distance, to have seen Munro fall.

### McLAUGHLIN-BUICK for 1928

Cushions that fit you like your Easy Chair

A NEW feeling of luxury--of relaxation--of restful, satisfying comfort--comes over you when you sink into the seat of a McLaughlin-Buick for 1928. For these seats are like easy chairs--made so by tailoring them to fit you, just as fine furniture is tailored.

In every way McLaughlin-Buick for 1928 gives the greatest measure of riding comfort. Hydraulic shock absorbers, front and rear--made an integral part of the car by redesigning McLaughlin-Buick's springs and chassis--smooth out the roughest roads and prevent rebound, adding still further to the joy of McLaughlin-Buick travel.

This is another indication of McLaughlin-Buick's greater value--another reason why you should buy a McLaughlin-Buick for 1928.

will finish this week. Washington and B. C. Peaches are just coming on the market, but are a little high, and we think the price will be better later, though not as low perhaps as the Californians have been.

The Pear crop is said to be good, and we hope for lower prices on pears within the next few days.

Italian Prunes are perhaps the best bet at present. We have the Washington pack, which is always good weight.

GENERAL MERCHANTS—DRY GOODS, LADIES' AND MEN'S UNDERWEAR, BOOTS AND SHOES, GROCERIES, VEGETABLES AND FRUITS.

Everyone seems happy and contented. They think the long delayed ship has come home at last. The farmers down east have a name, whether deserved or not, of being universal grouchers, always ready to borrow trouble, now, in comparing our farmers with our Eastern cousins, the cheerful odds are long in our favor—in fact they are too optimistic. If things go wrong they say "Oh, it might be worse." Look how many shady seasons they have had—and when everything looks rosy they say "We knew it would come our way." You only want patience. This year has been a grand advertisement for us. We can soon sell everything in sight. The merchants are getting ready to put long delayed stock on the shelves.

BOOTS AND SHOES are the most important articles in our store. They have constantly to be overhauled and odd sizes put on the bargain counter. New styles have to be added to the stock.

Hosiery has run wild. The varieties of shades and colors are beyond comprehension. Then the dress goods are so jazzy. The men follow suit in sporting sweaters, pullovers and coat styles. The style is jazzy. A merchant dare not stock heavily as the changes of styles vary with the changes of the moon. The appearances are that the craze for novelty and excitement is increasing. The extreme is approaching when the sensible women will wear natty overalls or bloomers in the kitchen, especially when working round a fire and the thousand and one things in the house—they are indispensable.

**PATRONAGE DIVIDEND PAYMENT**
